

## **Methodological advancements in solid-state NMR**

Florence, February 28<sup>th</sup>, 2008

In this meeting we will discuss on the strategies that are currently adopted in the various laboratories to address/cope with the factors limiting the application of solid-state NMR to biological systems. Sample preparation and handling will also be addressed.

The meeting will open with a series of presentations, followed by informal discussions.

### **Morning**

9.30 – 9.50 Alexey V. Cherepanov (U. Leiden)

9.55 – 10.15 Ashutosh Kumar (MPI Göttingen)

10.20 – 10.40 Moreno Lelli (U. Florence)

10.45 – 11.15 Coffee

11.15 – 11.35 Tim Cross (Florida State University)

11.40 – 12.00 Anja Böckmann (IBCP - Lyon)

12.05 – 12.25 Beat Meier (ETH Zürich)

12.30 – 12.50 Hartmut Oschkinat (FMP Berlin)

13.00 – 14.30 Lunch

### **Afternoon**

Free discussion and *exchange of views and opinions on the present procedures and on-going developments in the participating labs.*

19.30 Dinner
